10th October 2018

Dear Prof. Moodithaya,

Sub: Research Proposal on "Reversing the Digital Divide: Digital Banking in Rural India".

I am pleased to inform you that our University's Global Engagement Fund has approved our proposed study titled "Reversing the Digital Divide: Digital Banking in Rural India".

This study would be undertaken as a Collaborative Research Project between School of Social Policy and Practice, University of Pennsylvania, USA and Nitte (Deemed to be University) India, with your cooperation and support. The Budget Outline for the Project is drawn with approximately USD 36,660 (Thirty Six Thousand Six Hundred and Sixty only). It would be our pleasure to reimburse all the expenditure incurred on the Project by you in India to your University.

We have committed to Penn to study four villages that were enhanced toward digital banking in four different states and a comparable group of villages in which no infrastructure and no training for digital banking were introduced.

We hope you will work with us in identifying such villages, conducting the field work, and coming out with a report that could be useful to different stakeholders working in this area. Our team from the University of Pennsylvania would include two very bright doctoral students H. Daniel Heist and Marquisha L. Scott. Your Team would be led by you and you are free to identify the scholars from your University to work with us on the Project.

The Project would begin in December 2018. I am planning to Visit India in the last week of December for a fortnight and again in February or March 2019, along with Research Scholars from my School.
