Report on Project Friday - News Reading Competition

The AIMS Library organized a News Reading Competition as a part of the 32nd Project Friday activity on 6th March 2025 at Library Phase 3. The main objective of this competition was to encourage students to stay updated with current affairs and develop the habit of reading daily news. The competition was based on the news articles that were shared with students regularly by the library.

Many students actively participated in the quiz competition with great enthusiasm. The questions asked during the competition were related to the daily news articles that students had been reading. This made the competition both interesting and informative. It helped students test their knowledge about current events happening around the world.

The activity also helped students improve their general knowledge, vocabulary, and awareness of current affairs. It encouraged everyone to read news regularly and understand important social, economic, and global developments.

Overall, it was a very useful and engaging activity for all the students. We learned many new things through this competition. Such activities conducted under Project Friday help students gain knowledge beyond academics and encourage us to develop good reading habits.
